BENEFICIARY DESIGNATION INSTRUCTIONS AND GUIDELINES

Please follow these instructions carefully when submitting this form to prevent any delays caused by unclear or omitted information. Be sure to read and fill out the form completely and return all pages. This instruction page does not need to be returned to us.

INSTRUCTIONS AND GUIDELINES

1. Print clearly! Cross-through and initial any corrections or changes. Do not use correction fluid.
2. Death proceeds shall be paid as shown on the acknowledged and recorded Beneficiary Designation form. If the terms of the contract conflict with the items listed in the form, the terms of the contract prevail.
3. Use percentages in your designation. Percentages are required and must be in whole numbers. All proceeds must total 100 percent (%) in each category (*Primary, Contingent*).
4. If you are adding beneficiaries but not changing existing beneficiaries, you must restate all existing beneficiaries.
5. When children are beneficiaries and not named individually, all living and future children born to or adopted by the insured are included unless otherwise designated. Unless named individually, stepchildren are not included. This designation should be listed as "all children of the insured."
6. An irrevocable beneficiary is a designation that cannot be changed without the irrevocable beneficiaries' written consent. If you designate an irrevocable beneficiary, the Company will require the irrevocable beneficiary to consent in writing to requests for other policy changes (*i.e., assignment, contract changes, loan or surrender requests, annuity withdrawals, etc.*). If you are naming an irrevocable beneficiary, state "irrevocable" after the named beneficiary.
7. If the owner is a company, provide a corporate resolution or similar document that lists all of the officers and/or individuals authorized to sign on behalf of the company.
8. If this form is signed by a power of attorney, guardian or conservator, a copy of the appropriate documentation is required.
9. You may choose to designate a Testamentary Trust as your beneficiary. A Testamentary Trust is created by that instrument admitted to probate as the Last Will and Testament of the insured. The funds shall be paid to the trustee, or successor, named in that trust. This designation should be listed as "Testamentary Trust".
