## NON-RESIDENT VERIFICATION FORM

## INSTRUCTIONS

Generally, insurance products should not be solicited outside the state where the Owner resides. However, in some cases it may be permissible for an Owner to complete and sign an application in other states. Such transactions may be proper when the Owner has a significant connection to the non-resident state, such as a second home, place of employment, or a pattern of business dealings that brings the owner to the non-resident state for purposes other than to purchase life insurance or annuity products.

Some states prohibit non-resident sales to residents of their states. It is our interpretation that the insurance regulations of **Alabama, Arkansas, Massachusetts, Minnesota, Mississippi, Oregon, Utah and Washington** do not permits sales of insurance products to residents outside of their state of residence, regardless of the circumstances or connection to the non-resident state. If a non-resident application is submitted for a resident of one of these states, we will decline the application.

In order for the Home office to document the appropriateness of non-resident solicitation, completion of this form is a requirement. You must describe the connection between the Owner and the non-resident state in which the sale took place. You may be asked to provide evidence that the Owner was in the non-resident state for reasons other than to transact insurance at thee time of solicitation.

This is not an application form and does not become part of the contract. The issued annuity contract must be delivered in the same state in which the application was solicited. It may not be mailed to the customer's home address.
