## IMPORTANT NOTICE: REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

This document must be signed by the applicant and the producer, with a copy left with the applicant and a copy returned to the office.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on an existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy or contract involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy or contract to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

## **IMPORTANT REPLACEMENT ISSUES**

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

| PREMIUMS:   |
|---|
| ☐ Are they affordable?  |
| ☐ Could they change?  |
| ☐ You are older—are premiums higher for the proposed new policy?  |
| ☐ How long will you have to pay premiums on the new policy? On the old policy?  |
| POLICY VALUES:  |
| ☐ New policies usually take longer to build cash values and to pay dividends.   |
| ☐ Acquisition costs for the old policy may have been paid; you will incur costs for the new one.  |
| ☐ What surrender charges do the policies have?  |
| ☐ What expense and sales charges will you pay on the new policy?  |
| ☐ Does the new policy provide more insurance coverage?  |
| INSURABILITY:   |
| ☐ If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.  |
| ☐ You may need a medical exam for a new policy.   |
| ☐ Claims on most new policies for up to the first two years can be denied based on inaccurate statements.   |
| ☐ Suicide limitations may begin anew on the new coverage.   |
| IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:  |
| ☐ How are premiums for both policies being paid?  |
| ☐ How will the premiums on your existing policy be affected?  |
|   |
| ☐ Will a loan be deducted from death benefits?  |
| <ul><li>■ Will a loan be deducted from death benefits?</li><li>■ What values from the old policy are being used to pay premiums?</li></ul>  |
