# Unleash the Power of a Multi Year Guarantee Annuity (MYGA)

## What is a Multi Year Guarantee Annuity (MYGA)?

A Multi Year Guarantee Annuity, often referred to as a MYGA, is a fixed annuity designed for long-term financial goals. Your principal grows with a guaranteed fixed interest rate for your chosen term and funds in the MYGA grow tax deferred. With a MYGA, you also have the option to receive a guaranteed income stream later in life.

## A 3-step guide to purchasing an Excelera MYGA

**1**

### **Talk with your Financial Professional**

Unlock new possibilities and opportunities to achieve your long-term goals with Excelera MYGA.

**2**

### **Determine how much premium you want to apply to the MYGA**

You can purchase an Excelera MYGA with a minimum premium of \$25,000 for qualified funds and \$50,000 for non-qualified funds.

**3**

### **Choose your Guarantee Period**

Select the available guarantee period that best meets your goals. Excelera offers guarantee periods of 3, 5 and 7 years.

# When to Consider Excelera MYGA

## Looking for tax deferred growth

100% of your account value grows tax deferred; taxes on growth are not paid until you withdraw your funds.

## Wanting principal protection

Your initial principal and interest earnings are protected, regardless of what happens to the markets.

## Desiring guaranteed steady growth

Your fixed interest rate is guaranteed for the term of your MYGA.

## Expecting to use funds for long-term obligations and don't need access in the near term

With 3, 5 and 7 Year term period options, you can choose the term period that fits into your personal financial plan.

## Considering leaving a legacy for loved ones

A death benefit is available to your beneficiary upon your death.

## Wanting a stable income stream in the future

You have the option to convert your annuity into a guaranteed income stream. (Please review the Product Highlights page for additional information on annuitization options.)

# Access to Your Money When You Need it Most

Should something unexpected happen, there are multiple ways to access your funds without triggering a Surrender Charge or MVA, including:

- IRS Required Minimum Distributions (RMDs)
- Conversion of your annuity into a guaranteed income stream (Please review the Product Highlights page for additional information on annuitization options.)
- If you require nursing home care or become terminally ill (See Excelera Product Highlights page for more details.)
- Death benefit paid to your beneficiary after your death

**Talk with your financial professional today to determine if a MYGA might be right for you.**

# Surrender Charges

If, before the Surrender Charge period ends, you surrender your annuity or take withdrawals in excess of the Free Partial Withdrawal amount, a Surrender Charge may apply and reduce the amount you receive.

Surrender Charge Schedule							
Policy Year	1	2	3	4	5	6	7
3-year term	9%	8%	7%				
5-year term	9%	8%	7%	6%	5%		
7-year term	9%	8%	7%	6%	5%	4%	3%

State variations may apply. Surrender Charges reset with the renewal of the policy. There are no Surrender Charges during the first 30 days beginning immediately at the end of the Initial Guarantee Period or any subsequent Guarantee Periods.

## Market Value Adjustment (MVA)

The Excelera MYGA comes with a MVA. The MVA applies only when the Surrender Charge applies. The MVA could increase or decrease the amount you receive from Surrender or a withdrawal in excess of the free amount, depending on certain market interest rates. (Please review your contract for complete details.)

- If certain interest rates decrease, the MVA will be positive. **A positive MVA generally increases the withdrawal amount or Cash Surrender Value.**
- If certain interest rates increase, the MVA will be negative. **A negative MVA generally decreases the withdrawal amount or Cash Surrender Value.**
- The Cash Surrender Value will never be less than the Guaranteed Minimum Cash Surrender Value.
